If you really must know, that photo was used as a picture reference for modeling a class assignment. As I stated before, you're being trolled. If you can't see that, you must be blind. Put it together in your little head.

I come back in 2009, you start whining about "stolen donations" and other bullshit that you're oh-so-misinformed about. So, in order to shift the topic to a better position, I decided to start fucking with your mind. I don't deny that. That was fun! Seeing you get strung along made it worthwhile. That you're still holding on to it over three years later makes it that much more amusing. Did I break your little heart? I mean, judging by past history, you seemed pretty hyped up that someone online might actually care about you. My apologies for disappointing you.

Get mad. Stay mad, three years later!

/Also, for the coup de grace: For as much as you like to talk about "not caring", you sure go out of your way to string together unrelated events and try to make it seem like you have the big picture.
//News flash: I put this out there. I know what's what. Why don't you put some pictures of yourself up? I'd like to see how accurate you are to Butthurt Dweller.
