Quote:I also agree with OWA on this.

If you did agree with him (and practice what you believe in, regarding that), I wouldn't feel like shit talking you. Believe it or not, I am very easy to get along with if you put pretenses aside. I am also very tenacious and will continue arguing a point for a long time. If you do agree with him, then show it. Send me a PM. We'll talk reasonably, maybe even on TS.
