I think this is one thing that both me and ACK agree on. Neither of us I think are looking for an apology here, I think we're both looking for answers.

Also Gencamo who is this "WE" you speak of. I don't think you had a thing to do with the meatspin thing and this is exactly what I was talking about the other night on TS when I said "best thing to do is let the grown ups fight and to not get involved with something has nothing to do with you". Your jumping in front of bullets that are aimed at Super Heroes.
