Actually, he himself is a small kid. He's like 12 or something.

Did I say I was twelve in this thread? Did I? I suppose not. Please, tell me where you get your facts from. I would love to know!

And by the way, that is wrong.

//I will now end my involvement in this. Thanks for the fun guys. Maybe next year?

I think Venompawz said you were 15 or something.

Also, Generalcamo, don't leave so quickly! I am about to ask you some things:

Generalcamo wrote on Tue, 26 June 2012 19:08! congratulate your move to a more mature level, wallywood. Even though it was, a little late. I mean, we already redirected your site. But I think you and the rest of the leaders owe us an apology: An apology to aircraftkiller for the drama caused at BHP. An apology to crimson for the move. And an apology to the entire RenForums community, for causing this 16 17 page fiasco.

lol, QFT. That's pretty much the only response I had to this. Who are you to demand any sort of apology?

Why would "the leaders" apologize for anything at BHP? That has nothing to do with anything here, and did not involve you. Neither did the move. If Crimson wanted an apology, and wanted this to come to a better end, the redirect would not have happened in the first place, and some sort of reaching out would have occurred.

Why would they apologize for posting in a thread here that was not even started by them? Weren't you the one that linked the original topic to Wallywood? I am damn sure you linked it just to see drama occur.

Remember last weekend, when Venompawz came into the NS IRC? She pasted me logs when ACK asked for me to join the IRC. It was pretty obvious from even those little snippets, that you weren't sorry for anything, and were actively involved.

Maybe next time you should stay out of things on both sides if you want to act all mature and demand apologies when it's over. You did not ask for any sort of apology towards BHP in any way, when this was not started by them. This is an obvious bias on your part.

Perhaps you owe an apology to BHP for purposely not warning them of the redirect plans. You said it was talked about 11 days before it happened. In that time you linked this to wallywood with, boasted about making drama, and talked about it on BHP IRC. You had plenty of chances, but obviously wanted to see something happen.

Don't sit there and talk about maturity when you don't act mature yourself.
