RenAlert is were ? lol

Quote:Crimson wrote:
Don't know where the heck you brought up MCSE from...

Maybe I got it from this..

Quote:Crimson wrote:
Blazer is more than a sysadmin. He's a systems engineer

Do a search on google on system engineer..
http://www.google.com/search?hl=en&lr=&ie=UTF-8&oe=UTF-8&q=System+engineer

Microsoft Certified Systems Engineer
Earn the Microsoft Certified Systems Engineer (MCSE) certification and prove your ... the

http://www.microsoft.com/traincert/mcp/mcse/default.asp - 37k - 13 Sep 2003 - Cached - Similar pages

If he is a Real system admin he would HAVE to have the MCSE Cert.

Really surprises me that you ask, possibly because you have run out of intelligent things to say?

And I wont go away, this is a community forum and your supposed to be the community leader,

perspective as you do.
