Yeah, for some reason I was expecting you to do something like this. You take something that jks101 (he was only a half mod and he's been pretty mature until now) said that you should stop making pointless suggestions (that I can agree with) and that you should just fuck off (that's not how I do things in my community.)

yeah but then again he is fast to make most mods there he even asked me first time in server I said no... I think shai-dronez4 and some others are now mods there there is also some guy called SHADOW from uk with a avatar just like yours azaz who is also admin ? lol

[14:00] <~Animoski> !modlist

[14:00] <&RCAOW> Administrators: Shadow Animoski Wyld1USA ostkshai

[14:00] <&RCAOW> Full Moderators: Agent001 iEaTN3RDS

[14:00] <&RCAOW> Half Moderators: dronez4 RnD jks101

Point out who exactly I was fast to make someone a mod? Shaodw and iEaTN3RDS were actually part of the original RenCorner, Agent001 is a good old friend of mine - barely plays but helps out with IRC coding, dronez4 and jks101 i've known for about a year now and they've shown their commitment to us, Wyld1USA has been a good friend of mine for years, and RnD is someone who has been playing with us for like 2 months now, legitimately applied and got voted in by the others.

You know nothing about my community besides what has been said about it 7 years ago, congratulations.

Also Xpert: Although yes my forum theme is the same, our forum layout isn't the same at all. I can't find a better theme than that (in terms of simplicity and looks - you already know I don't have the mental capacity to make my own) and we have someone making us a better background that should make our forum look even more different. Also, zunnie said he didn't mind us having the same theme. It's not like we ripped it right off their website or something.

MDK, you were part of my community for 2 days. You had a brief conversation with me and you cannot say I was an ass to you. I actually gave you a chance and thought wow, maybe you aren't such a faggot everyone makes you out to be. But, that's changed, you get butthurt by little kids and go on rants for every little thing and even involve social media (lmfao.)

Also, I didn't "delete" your account, you re-named it "gone user".

In the end, you got butthurt by a 13 year old, and decided to take what he said to the grave. What

he said isn't what is true, we listen to suggestions and take them into account everytime. You decided to be a faggot and post stuff on Facebook (get a life) - then when I get on the defensive (why wouldn't I? You're ruining our reputation just by talking about it - cause you're you) you decide to talk about us on Renforums.

I'm very well aware of my history, thanks. RenCorner was originally up between 2006-2007, when I was only 12 years old. I'll admit to anything because I don't give a flying fuck what I did when I was 12, I just know that i'm using the RenCorner name to show faggots like you that I got nothing to hide and that i'm above and beyond that shit.
