[quote title=Animoskity wrote on Tue, 17 July 2012 11:06]I'm just going to stop replying after this so you'll eventually get bored and move on and start trolling other people. I don't have the time or patience to continue dealing with the class clown troll of a game 10 years old. I'm surprised you have this much time on your hands, being 30 and all.

I honestly pity you for being such a retard. You just don't get it through your thick skull that no one likes you and no one wants you around. You're legitimately considered a retard by most. Go get some fucking help. I just love how you join a community, and less than 2 days later get butthurt by what a little kid half your age said, and decided to go on this whole crusade and stalking the fuck out of people's social media accounts. Congratulations, you're 30 something years old and you have pedophile-like tendencies. Keep going down this route and you'll end up in jail getting raped in the ass by some guy called Tyrone.

I also think you're jealous. Jealous of the fact that my community is only a month old and is already 20x bigger than you're shithole "MDK" clan/community (whatever the fuck it is) cluster fuck. I also think that you're jealous that even though I have a shitty history, I'm still more respectable than you, and have a following that happens to be mature and actually is respected by people that matter.

Do you really think you're phasing me by bringing up my social media activity? It's there for the world to already see. I'm well known for talking shit, at least I'm not a pussy and throw that in people's faces.

You're irrelevant to me, Renegade, and possibly your own damn family, because if you had one - they would definitely look into getting you some serious help. Here's something you should consider.

TL;DR - Fuck off, get laid and possibly some medicine.
