Randomly dropping in and bumping but figured if anyone has kept any of *their* oldest in-game screenshots to post.

I believe this is probably April/May 2002. As for some of those other name drops. It's been super long. I completely forgot about s2luga. For the screenshot, I'm not sure how many people remember these, but I certainly do!

Kain usually accompanied by Cecil

Patch (who fell off the face of the earth as far as I know)

Confusion (who I shortly joined their clan probably not too long after this screenshot)

Second look, Nemicron actually was in a later clan of mine as [TA]Nem who I believe hosted our server.

People I didn't talk to but remember - A drunken sniper_Bp, Codhex/codex?_BP (BP clan came from demo)

Also, how about that obelisk hopping! How pointless, but hilarious.

I'll do some name dropping as well in case anyone's seen/heard from

Retto

(From [RED]) - Funny story, I tried to join RED once on a smurf name, but you had to answer questions in regards to military things. I'm not sure if you needed to do well with it or not, but I couldn't have been troubled to try. Though I would have found it funny to play others in a horrible clan just to see the turnout. Though it earns its honors in being harder to join than OOU was! (with the real c4smoke) And even have a recording of c4smoke. How priceless is that =) Namedrop for Adam_Prater, who I didn't talk to but no one's mentioning. Raveshaw I believe his name was, the aussie sniper/pic/raveshaw

Just because they haven't been mentioned and they're from TA - MoP and Kill4fun/kfc

Shoutout to BA / RED for a lot of interesting lobbies.

Also, Cerealkiller will always have a special place in me and mrpirate's heart. As for Fobby's list, I remember about 28 of them. Also, was a part of the original WOL vs GSA war! Some of the people I believe it was Matt who picked for GSA was absolutely horrendous! Even still, fun to be a part of it...

Anyways sorry for the bumping, but just interested if anyone else had any 2002 pictures. Oh, and to say Hi since I was mentioned I suppose
