thats a epic pic dude . bet you get all the girls ??

Believe it or not girls do actually appreciate someone with a more than three brain cells to rub together. Maybe if you took the time to stop bashing your keyboard with your face you would have more luck in your own life. Then again, we all know that isn't going to happen.

my life is epic dude fast bikes -fast boats - hot girls - ok bank account

sure your happy with the cardigan wearing girls you sit and chat to in book club or band camp

not sure why but I look at you and think of nothing more than the movie (40 year old virgin)
