Aircraftkiller wrote on Sun, 05 August 2012 11:53 Why do you even post "wlyd1usa"? Every single post you make just drips with "I spend every waking hour obsessing over this game!" It's like you're unable to comprehend life without slobbering some knob for a moderator position everywhere you go.

Get some help bro.

You know Ack, generally I didn't have a problem with you. In fact I appreciate what you have done for this game and have never trashed anything you did even when I watched others do. Mostly I ignore what you say because you point in useless directions. You mad bro at something I posted? Deal with it I could give flying monkey.

One point you need to be corrected on Mr. Perfect, Asked for mod? Proof? I've never ASKED to be a mod anywhere brah. Get your facts straight. I've always been asked to be and it will continue that way.

You wanna get in my face, go for it. I could give a fuk. Talk about my life? I have a very fun balanced life. Sorry about yours.

Have a nice day. Back on topic.

Wyld
