poor mieky decided to cut and run after seeig those logs

And that proves I 'Hack'? LOL

I told him to ban me, I was constantly being harassed by every mod in there with having the same conversation.

Just because youre mad your mod app got denied doesnt mean you have to be jealous fo everyone else who applies.

Saying that, Any admins can feel free to close this app, too much sad pathetic drama already. I got away from that at TmX I dont want it here aswell, thanks.
