ehhh wrote on Tue, 18 September 2012 23:51rc was ok when it had xperts mod on it, this latest one is terrible imo

when xperts mod was used just as in area also .I for one could not move glitchy as hell and massive lag along with the crash.s ..

I think xpeerts mod is ok but not sure 4.0 likes it .

atm the lag is low and gameplay is smooth and from what I can see things are being tested ingame to see if the players like or dislike them ... and yeah I said the players get a say in what stays or go.s
