LOL coming from the forum psycho who stalks people and post pictures of them. I am suprised you havnt been banned again from here.
I'm surprised Crimson didn't ban him when he posted some shit off her facebook or whatever nonsense it was he spouting, that's an actual rule she'd go so far as to enforce. Or was that Wilo that did that? (I think it actually may have been)

Regardless, same rule

She did ban him, it was for a week or two if I recall correctly.

yeah I had a small ban for puting pics of mucky teeth on the forum ...gota love those second chances hey azazel
