kinda a stupid thread but it gives us chance to say the things we can not say in game or other forums as ppl like you was mods in other forums and they locked or closed every post that do,s not support them or buddys.

forums such as area you remeber that one you killed it with your hitler style admin style ...

ps.... sure I can smell your breath even throu your typed words...minty mouth wash. would help ??????

kinda sucks to have no friends or life huh MDK

yyyyyyyaaaaaawwwwwwwwwwnnnnnnnnnnn at the same old taunt or flame .
you have no idea what my life is so to say I have none realy can not hurt my E-feelings at all .
and if you mean I have no friends in renegade hmmm maybe your right. but realy who needs E-friends they are not real dude or can you not see that ?

looking at your facebook alone russ I can instantly see I have a much better life than you could ever dream of. but if it makes your drab boring low budget life seem that little bit better to say some one with in a game forum has none then go ahead dude feel free to cheer your self up. and lol at your 474 random E-friends .you know what the say the more friends you have on face book the less you have in life

ps.. should you not be asleep you have to go to work for someone else in the morning .
