crotan do i know you by another name? Either way, hop off my dick, its taken.

rachel was a whiny prick, he didnt ask about a rule. He directly called me a moron and told me what I did was against the rules. There be a huge difference. So before you make a comment like that, go read the logs.

in the end, i was no where near as angry as him. Ive been called far worse and said much worse. 'kiss my ass', i know im Australian and all, but does that mean something else in other parts of the world? I wouldn't even say its insulting if someone said that to me here, so I don't really know why the 4ft pole up her ass went deeper when I said that.

If she had a shred of decency then I would be happier to apologise for my comment, but I acted civiliy ingame and on forums, so you can kindly, kiss my ass.

and ty for the backup liquid, not, 1v1 under.mix?

Recommence tardfest and thankyou for bringing me up on renforums, I fee renefamous now!
