Last warning.

.....  
now my little joke comment above earns me a last warning and is forum bs .

but rageing in game and threats to (jump on a plane go to someones house and slit their throat) is fine ?

I now get warnings like last night for th for shooting tib rifle at own team inside wf (me shoot at dj-eye )

crazy if anyone else had said or done what eike has done in game they would be banned asap .
