liquidv2 wrote on Wed, 26 September 2012 21:44you mean hopping over that wall and falling down the mountain to land behind the ref? why would you want that allowed lol

Because it isn't really different to ref-hopping on field imo, it still requires teamwork. Its still officially classed as "2-man ref hop". Okay it looks like a bug, falling down a mountain and all, but meh its still a valid tactic.
