i dont think you understand what i was trying to do with that ss in the first place lmao...
again: it was just to prove a point that 1v1 situations can turn out pretty gay and quite alot of
games are decided by a single event, or a spawn or someone just waitin around doing nothing
then stealing your vehicle when u run to it in a straight line, which was what happened here

sorry for offending you mister spoony, didn't think you'd be getting this upset for nothing, probably
haven't been in a argument for a while so u thought u might aswell make one out of thin air?

ps: OH WAIT IT WAS WALLS FLY GDI, what does that even have to do with me doing jackshit,
then just stealing your flamer by firing like 10 bullets at you, not even having bought a vehicle
myself all game long? it could of been complex with me sitting near the strip, waiting for you to
buy that tank, i think you're missing the point here
