Who are you?

No one speaks like that.

Nothing is written in stone 'champ', thats my point perhaps you should acknowledge there are too many variables to say gdi wins 100% 'kid'.

Everything comes into it... spawns, which side the tank goes down on air, lag, where the timer lands etc.

If both players are equally good as you say they are, and one spawns well more often than not, and one doesn't.

I never said that gdi wasn't at an advantage, only that Ren is too unpredictable to make a clear cut that one side will win everytime.

1v1's are 50% skill, 50% luck on rush maps.

Ren's random nature is what has kept so many people playing it for so long despite the many issues the game has.

I'm bored of this conversation, go masturbate over pointfix topics or whatever it is you do when you're not busy being close minded and ignorant on forums.
