Ren's random nature is what has kept so many people playing it for so long despite the many issues the game has.

Yes, it is a VERY rewarding feeling to achieve something in the game, whether it's never losing your tank in a cw, hottying a building in a full pub server or running a 10+ k/d in a sniper server

Also the engine is fucking hilarious and I've never laughed at a game as much as Renegade lol. Blue hell, flaming vehicles/infantry, wf bug, people getting stuck in eachother, flipped vehicles, accidental cloaked sbh headshots, etc.

The game is great.
