You went ingame with the intention of getting banned; you were banned. That's more childish than some of the retarded 11 year olds at my school

Enjoy your success

I am not complaining just shareing the news .

yes even your owner knows I was intending on getting banned .
we talked prior to me joining game and kind also wanted to see how long it would take you guys .

looking at your forums seem,s the ban made some players happy .

I am happy I give them a little joy and wish ani all the best with the server and his new plans
