Speaking of tyrannical admins hiding posts: why'd you guys delete my own post in the sniper topic R3d made? Oops, caught out.

Tyrannical senior moderator\*

I did that, because quite frankly, I felt like it. You're just trying to fan the flames in a ridiculous topic of a forum that you ABSOLUTELY NEVER POST IN FOR ANY OTHER REASON THAN TO CAUSE SHIT. I would feel differently if I was guilty of doing the same at RenCorner, but I don't even so much as have an account at RenCorner (or I may, I don't remember, but I haven't posted anything with it).

I know shaitan, you're a rational logical human being of superior intelligence to myself that would never fall victim to any kind of human irrationality or your own emotions - but in reality, you're a psychopath with an internet connection and a keyboard.

And by the way you illiterate peons - the word "tyrant" may have a negative connotation, but all the word tyrant means is a ruler of a specific group that seized power ILLEGALLY. Which, you know, makes pretty much any single usage of that word in the history of Renegade inaccurate.

P.S. If nothing else can be gained from this topic, it can be learned that if you do not read this forum, nothing that occurs on it even exists - there are like ten bored people that read and post on this forum, and it doesn't affect a single regular Renegade player. And you CERTAINLY don't have to change your forum permissions because of things posted here, lol.
