I'm pretty sure your bullshit up there was trying to implicate me. Just like the rest of your bullshit: rooted in psychobabble.

You started a fuckfest on the forums there, and somehow...ended up blaming me for your woes. By the way, I wanted to get rid of the disease(that is MDK) months ago. You had so many chances, and fucked every single one of them up. The funny part of it all: I didn't do any of the shit you've stated here, or there.

You blame the hell out of me for every little thing that's ever happened to you in your sad, pathetic, miserable excuse for a life. Just cut your wrists worm, and do the world a favor. No seriously, cut your wrists again MDK. This time do it the right way.
