What?

Starting in November 2012 for the game Renegade we will hold a prize contest every month with a game to win.

See this forum for more information.

Prize

Every month on the 1st we will post what game is battled for that month.

Then at the end of the month we look at the rankings and see who is first and that player will receive the game around the 30th/31st.

Requirements

- You must have a Steam Account in order to receive the game we choose to gift to you as the winner for that month. To get Steam visit their website at <http://www.steampowered.com> and sign up for a FREE account.
- You must be a member of our forums
- You cannot be a staff member of MultiPlayerForums. If a staff member is ranked 1st then the player ranked 2nd will receive the prize
- Of course you may not cheat your way to rank 1
