nikki6ixx wrote on Mon, 22 October 2012 16:41 Clearly an Illuminerdy conspiracy to eliminate all two-bit, modification servers that don't even compete with Jelly from the ReneRealm.

If you actually played, then you'd be aware that Ren Corner has definitely had a impact on Jelly numbers from time to time.

tbh, I think they welcome the competition, who wants to play in a server with 50 players anyways, far too many for the small stock rene maps.
