As I said before. We played our games, both team got along fine.
That is all that is needed here.

The spam in the actualy fanmap server was people on their own free will. MPF has a right to be mad at that which is fine. I am not a part of that so I am not speaking any opinion. It was not a community decision. I don't think it represents Jelly community at all. It was just people being people.

The spam in the commwar server was a fun act done at the end of the commwar after all the maps were played.
