I'm not out to attack anyone actually, I didn't need to make Jelly look bad, you guys did that
yourself, I'm surprised you still cant see this crush, haven't I taught you anything? /sigh

We are terrible people! I can't go on in life!

Jelly community tells it like it is. We all act like jackasses in our own way. Iran calls me "trashu" all
the time. Mudkips tells me to "suck his cock" and shit like that.
Thats why Jelly community is awesome and still alive to this day. They don't live in perfect little
worlds. This game needs a little trolling and a little fun (IN ITS OWN GOOD CLEAN FUN) to keep
it alive and kicking. Spammed 1 time for 1 minute. Type "!mute" and problem solved. Nobody is
spamming anymore. Now then there is aircraftkiller who would spam radio commands for 2 hours
and tell people to "get shit on" all day long. He is an exception where I kick his ass out of servers
and perm mute him =D

Move on people!
