i'm happy that being a mod somewhere makes you happy
someone said you don't do a terrible job as a moderator
i'm likely never going to see that either way; all i see here is a butt-hurt angry child that says
ridiculous things and, instead of backing down when proven wrong, spins around and tries to say
different ridiculous things in defense

even if you become an admin in Ani's server, you're still a piece of shit and will not be allowed
where i play
