All id like to say is the Ren Guard Team is helping us and without them we will have cheaters on renegade forever so why accuse them of being hacks or trying to do "bad" things with this program. We as a communtiy should be greatful that people acctually care enough to spend 100+ hours working on a anit cheat app and I dont belive there getting paid right? Exactly! So Stop bitchin and be thankful. Maybe we should restart the Ren Guard Forums.

All my thanks goes to the Ren Guard team for there dedication, skill and there time.

And a STFU to all those accusing them of being hackers scammers cd key stealers ect.

Thats what i got to say peace out!

P.S

Crimson Sorry For All this nagative attension due to the Renegade Final Cheat Makers and once again STFU goes out to all who bought al that shit.

Im done venting now.
