A. I just saw that thread yesterday looking at RC out of curiosity and laughing at the still forced-registration Renegade sections, so I must be a stalker

B. MDK posted pictures and all kinds of personal information from Facebook and such; MDK was DEFINITELY a stalker

C. The Netherlands is not a Third World country

D. Iran's a stalker, yet you post for the first time in two months on this forum because he mentioned RenCorner LOL

any questions mr. head administrator?

Yeah, I do as a matter of fact: Why are you so interested in something that does not concern you? Why do you continually have to keep putting your opinions out there(like anything you say really matters)?

The locked down forum is due to trolls like yourself. You freaks feed off of it.

I feed off of it? You're the one posting for the first time in two months because somebody said something. On the INTERNET.

The forum being "locked down" - gee, because it's real hard to register an account to view a forum. I just don't care to do such a thing.

Why do I continually put my opinions out here? To counter yours, obviously, as I am doing at the moment. Of course nothing I said matters, neither does any of the drivel you spout; after all, we're sending 1s and 0s over a cable as we sit on a giant rock that is hurling through the cosmos - nothing really matters.
