Video: <http://www.youtube.com/watch?v=rKeFo72HqAw>

WIP map based on the TCW\_Center\_Point.

This will not be a regular AOW or DM map.

Both teams will have a Core which affects your base health when its attacked by the enemy.

There is however a catch: in the center will be a special node that must be repaired/captured, after that is done, the enemy core will take damage.

Repairing the core is not possible.
