Dude it's pretty easy to place blame, but you have been just as ridiculous as them. Get off your high horse man. I respect what you have done for renegade in regards to the plugins, but the way you have represented yourself in this thread is utterly disgusting. You play off what others have said, sink just as low, then you justify it by saying "Well look what they said". You are in no way above shaitan or good-one, so don't act like it.
