iRANian wrote on Thu, 14 February 2013 08:35l agree, they should be able to provide for their sick family, pay off \$100 000 dollars in study loans, have a job during their studying to get income and not fail those 4 years. Then of course they will immediately get a job because the economy is doing well.

It's their own fault for not being born into families without disabled parents and/or siblings. Maybe if they were God-fearing they would know better and wouldn't have these problems. It's because of sin that they're ill or disabled, and they need to do what God leads them to do.
