UNRULES FANMAPS, played on this for over 4 years. Alkaline had quite the biggest fan-made map rotation, Servers were almost full every evening and night, nice people to fight with & against...

Unfortunately, I think (just guessing) the whole Ren Comm experienced a huge player loss as XWIS changed to the new registration...whatever it was, something big happened in 2009/2010. It definitely isn't as it was from 2003 until late 2008 when I had to quit for a while...

Other Server worth to name are non00bs (Marathon games hell yeah), Jelly, Mammoothkillers, XPHaze (Marathon again), Kamuix for the fun, MP for epic Co-Op Battles and St0rmgaming aswell.
