ACK is better than 95% of Renegade players, if not more than that - true fact on top of that, he doesn't even play this game anymore (and he's still better than you at probably everything the game entails)

Fjords wouldn't be so bad if it had less god damned pine trees

ACK is entirely right when he says you aren't any good DJ; i'm not sure why you hold yourself in such high esteem

i've actually only seen you do remotely well when you abuse glitches against players playing legitimately
