Guess you dont understand how many marines have died to let you play renegade in your house right now...I guess its easier for you to take a bullet in a video game.

you dumbest mother fucking retard

Major General Smedley ButlerI spent 33 years and four months in active military service and during that period I spent most of my time as a high class muscle man for Big Business, for Wall Street and the bankers. In short, I was a racketeer, a gangster for capitalism. I helped make Mexico and especially Tampico safe for American oil interests in 1914. I helped make Haiti and Cuba a decent place for the National City Bank boys to collect revenues in. I helped in the raping of half a dozen Central American republics for the benefit of Wall Street. I helped purify Nicaragua for the International Banking House of Brown Brothers in 1902-1912. I brought light to the Dominican Republic for the American sugar interests in 1916. I helped make Honduras right for the American fruit companies in 1903. In China in 1927 I helped see to it that Standard Oil went on its way unmolested. Looking back on it, I might have given Al Capone a few hints. The best he could do was to operate his racket in three districts. I operated on three continents.

i am doing dead marines a big favor by reminding dumb fucks like you who and what really they are dying for. pinheads like you make them die while you sit on your sweaty asscrack back home thinking they are dying so you can play a fucked up game.

get the fuck out
