Jesse wrote on Thu, 14 March 2013 18:45 I know you're waiting for your posse of fanboys to gang up on me hoping I'll get discouraged like any of your previous "victims". Fact is I have no idea why so many of these lowlifes idolize you, maybe it's because they have so much in common with you. You seem to think me telling you the truth (a truth you obviously can't admit to) is equivalent to getting angry. You're what .. 30 something? Single? Don't play renegade but still religiously search your name in the search box at least once a day of every major renegade forum? Have absolutely no relevance to this game anymore after single handedly destroying the competitive side of it? Challenge people to e-debates and declare yourself the winner every time after the person you're "debating" commits seppuku out of disgrace to the fact that they even wasted their time gracing you with a rebuttal?

i don't get it; why don't you answer his two simple questions? all he did was ask you to back up your opinion, and you're dodging it harder than troopr02 ever dodged anything

what do you mean by "single handedly destroying the competitive side"? you mean clanwars? without him it wouldn't have existed in the first place (not sure if you remember, or actually understand that)

you speak so fondly of smak forums and whatnot, so i'm confused by your statement

you're gracing Spooky with a rebuttal? you're not even able to back up your very first few posts; why are you still posting at all? i blame the derfcow within you

Jesse wrote on Thu, 14 March 2013 18:45 I'm actually trying to help you, I'm currently enrolled in a 400 level abnormal psychology course and could probably give you a free consultation, assessment and diagnosis of your symptoms if you'd like. My treat for such a well respected member of the renegade community.

Jesse wrote on Thu, 14 March 2013 18:45 I'd really like to find the source of your insecurities and misguided narcissism. You're obviously compensating for something and I'd be more than willing to help you out if you'd let me. The funny thing about you stating that you're most interested in being right is that when you tell your mind you're right, you're always right. You're only right in your mind, and that's all you'll ever be, but at least you have a 100% streak of correctness. As long as it's in your head that you're right you're always right man! You can be outnumbered 15-1 but hey, you're Spooky.

rather than lecture him on something i'm sure he already knows, why not answer his simple questions (which were even more simple than you think - they asked you to back up your own words)

Jesse wrote on Thu, 14 March 2013 18:45 Other famous people in power that have never been wrong: Fidel Castro, Adolf Hitler, Joseph Stalin, Saddam Hussein, Osama Bin Laden, and Hugo Chavez. So glad you ran Cw.cc with an iron fist, I would have been so disappointed if the competitive aspect of this game would have been around the last five years. Good thing you'd never let something so petty tear your community apart just to make sure your ego didn't deflate at all. Wouldn't want to lose a bit of that e-reputation or anything.

i was under the assumption you hardly clanned at any point in the past 5 or more years (that's based off your own words); with that being said, you seem rather upset that clanwars is no longer active
