glad you know why i do everything online that i do!!!

just a heads-up, even if that were all entirely true it wouldn't change a single thing that happened in this topic - you're still wrong, and you're still dodging awfully hard

Jesse wrote on Sun, 17 March 2013 21:14 yeah he's kind of socially retarded so he decided that internet friendships are more important than real life ones.

not 100% sure what you're referring to, but i'm hoping it doesn't have to do with you getting demodded at Jelly a while back

Jesse wrote on Sun, 17 March 2013 21:01 funny how you wouldn't say the same dodging thing to your god when he initialized it

i do realize Spooky hasn't given a "yes" or "no" answer to your refined question, and i'm not sure if he's going to or not

here's the thing that matters to me: you said a bunch of things, and you haven't been able to back them up

i, being an honest person, think that's a pretty shady and dishonest thing of you to do (if Spooky had done it, you can be sure i'd ask him to do the same)

if you're going to attempt to unload a can of whoopass on the guy, at least make sure you have ground to stand on (because you apparently have nothing, but are refusing to back down anyways)

that makes you look like a complete tool
