I'm not even 30 lol

You need to re-write that sentence if you're going to effectively troll. Right now, it doesn't say what you think it does, which is all the more amusing considering that you're trying to make yourself look like you're better than anyone here.

I bet your parents pay for your college education and your car, don't they? You sound real bootstrappy while someone else is paying your bills. You'd make a great Republican, just like Paul Ryan. Be sure to whine about Obamacare while not having a job to pay for your own health insurance!
