danpaul88 wrote on Thu, 23 May 2013 12:12 I'm not sure *any* assets from the 2003 beta are in the current version of Reborn, they all got replaced long before BHP took the project over and started pushing it towards a release. We've taken it from a broken shell of a game with a mangled assets database to something that's actually playable, fun and releasable in just over 18 months. So, if I understand correctly, this is the result of the 3rd or 4th complete redo of Reborn?
