Hey there everyone, for those of you who don't know I'm TeamWolf, a Co-Producer for the upcoming indie game Tiberian Sun: Reborn.

We have recently released some new trailers showing off the game as seen [here](#) and [here](#). We've also released some "shorts" videos showing off units, how they work and how best to use them.

Now, the main nature of this post is to announce when the game will be released. Our planned and set date is Friday the 31st of May (that's today for euro time zones and tomorrow for everyone else). There will be another announcement later on with the full install, launcher and more. So be sure to stay tuned and be sure to visit us on our site!

Oh btw, has anyone seen Iron Man 3?
