I have no problem with people wanting to be lead by Trojan (more like shaitan really, Trojans just the pay puppet) - I DO have a problem with them using RenCorner as their name.

That's the very least they can do, and that's all I want in the end out of all this - they do that and i'll be more than just out of their hair.

They already went the length to get a new domain name, why not come up with a new name?
Why not Allied-Gaming?
