shaitan wrote on Mon, 10 June 2013 08:03 Sorry for being a dick, might have been a little trashed lastnight.

I was trashed last night as well.

MSNBC actually said something true? holy shit. But i guess it would be more shocking if it was Fox.

And im not so sure what you're referring to, is it the massive storing of all data on the internet, the recent shit with Verizon, or Prism?
