why did he capitalize touchscreen and game? what does imba mean? why did he type a bunch of r's in a row? these are all things i don't understand

so DJ is trying to tell me i give him shit because i'm mad that he briefly dated my girlfriend before i did? i'm not mad at the guy she dated for seven years before DJ or any of the other guys she's dated, but ok lol

he claims he ignores my posts, but ask him this: why have i been acting the exact same way towards him since before i even knew my girlfriend? is it not possible that what i'm saying is right? i can fully understand why he has me on Ignore; i'd sure as hell not want to hear from someone denying my unexplained god complex
the truth is probably too much for a guy who has a custom-made DJ-EYE-K t-shirt and wears it to clubs and parties and shit
