You know Jim, his posts aren't worth comment. In fact Jim, I feel sorry for ack and have said so before.

I have learned peeps like ack make up (or tries to) in here for his life's short comings. Lack of family, true friends, intimate relationships, probably really picked on in school, poor work environments, etc. Who knows, only a degreed professional (Physiologist - Counselor) can figure out whats broken with this one. It may even be he is sad and jealous as he sees a lot of players getting along, having fun (not in here lol) and he knows no other way to react. I truly think there is a nice person in there as I have seen him be civil to some. But there is an apparent segment that seems to threaten him causing these reactions. He will claim he made his second post attempting to "make you mad" but in reality he thinks he will gain social status by showing everyone he is cool by doing that.

I look at ack like a sex offender that hasn't been caught yet and received help. Until such a time, ignore him until he gets help. Paying him a visit? Violence doesn't solve anything except it will make you feel better and ack is simply not worth it. Just know that ack suffers everyday. Jim you are definitely the bigger man here so treat him as a someone who simply needs help my friend.

Life story?
