FerhagoHavoc_eliteDragonFgHey griever theres this thing called a life.....

Since you took the trouble to react on this post, id say you dont got a life either... :rolleyes:

And yet... You took the trouble to react to a post about a post about having no life. Dont try and take this up one more step on me though everyone already knows I have no life
Well I hate to ruin the pattern but I actually have a life...if you'd like I could take the time to tell you about it
