Just for the record, I was stating the facts, not my opinion

I think file sharing of any sort should be legal, once you buy that CD it's yours to do what you want with as long as you don't infringe upon the rights of others. Copyright? Pffft. It's not infringing on a Copyright. Yeah, it's being redistributed. So? What do you call selling CDs at a yard sale if not redistribution? A used CD store? I'd like to see the RIAA go after those next and get a nice big giant government foot up their ass.
