MPF might want to stop posting IPs publicly like that  
they don't have to; it's just common courtesy i think

zunnie's logic on Iran's ban was that they couldn't prove him a cheater, nor could they prove him innocent

that logic is bad, because literally anyone in Renegade could be cheating - that doesn't mean they're going to be good, and it doesn't mean you can or will be able to prove it lol

Hunter-Seeker claimed Iran had been a cheater not long before the ban

GenOBrien's thinking is that a player can only get 100+ kills if they die 100+ times in doing so - it shows they don't see many good snipers very often (this point is valid whether Iran was actually cheating or not, which he's shown he honestly did not have to do what he did)

the MPF-should-unban list now includes three players (forgot Vulgina)
