Do you and ACK still go at it like 6 years ago as I recall it was like back then?

I remember around way back 2006ish everyone teased you about reborn and about how a newer version was never going to be released. like i recall someone making a joke about hell freezing over..blawblaw then reborn. but anyway after I left the ren community in 2007.. in 2012 so 5 years later I was on moddb or something and was thought about reborn and was like, that mods Gotta be out by now i gotsta check it out.. so i checked and it wasn't and it was still in progress It blew my mind like nooo way its not out yet 5 years later ;p releases 10 years apart

Im sorry im not coming down on you for it just funny in a good way no insult intended, the 2013 release is great I tried it once and now thinking about it.. Im tempted, is there any online games active do you know? ill check anyway.. but great work obviously you had tons of projects going and prob took your time went back and fourth or whatever.. If I started a renegade conversion mod i'd of given up before I started lol
