Good thing you can link me an article from a magazine well known for its contrarian positions, instead of a respectable newspaper or media company. ./

<http://www.forbes.com/sites/theapothecary/2013/11/04/49-state-analysis-obamacare-to-increase-individual-market-premiums-by-avg-of-41-subsidies-flow-to-elderly/>

Why are you getting so mad btw?

>/Also, you don't even live here lol

So I'm not allowed or incapable of finding it hilarious? Do you only read news about the US? Many people around the world read US news for the laughs and we also get news about the US from news companies in our own country because the Obama presidency is hilariously incompetent, outrageously scandalous and very extremist.

>/Why aren't you getting your news from reputable sources?

Mainstream (economic) news companies aren't reputable? Forbes.com is a fringe website?

>///Also, you live in Netherlands don't you? You want our country to have shitty healthcare that isn't like yours? DOES NOT COMPUTE

What are you saying? That ObamaCare is better than what the US had before? LOL
